URGENT!!!

Mary Ward, an attorney at RJR R & D in Winston-Salem, telephoned me today. We did not speak long as I was tied up, but she did refer to and then telefaxed to me a copy of the above fax from Gallaher dealing with Coresta.That fax was addressed to Dymond, both of you and to others.

I am scheduled to speak with Mary on Thursday morning New York time, but want to have your input before I do.

What is this all about?

What is your position?

What is the BAT position?

What is the RJR position?

What do you want done?

Can you telephone me early Thursday morning, around 9:30 a. m. New York time. Please prof a reply to this so I will know when and how I will hear from you.
